Dear Mr. David Kuebker:

The City of Houston (City) is in receipt of your letter dated December 30, 2020 regarding Jerdon Enterprise, L.P. concern about the RFP due date for the Houston Roadway Flood Warning System (HRFWS) being February 1, 2021 and your request to extend the date to March 31, 2021.

At this time the City is unable to honor your request to extend the RFP due date to March 31, 2021. The current due date is the result of a previous extension request regarding the original December 30, 2020 Proposal due date. In order to achieve the project's planned Substantial Completion by the December 23, 2023 date it is important that the Proposal due date remain February 1, 2021.

If you have any questions or comments, please feel free to contact me at (713)881.3079.

Cordially,

A handwritten signature in black ink, appearing to read "Stephen Wright".

Re: 2017 TIGER Grant, Houston Roadway Flood Warning System (HRFWS)
RFP No. 8142020

Dear Mr. Wright and Selection Committee Members:

We appreciate the City's extension of the RFP to February 15, 2021. However, due to the holidays, coordination with Econolight and ATMS now per the RFP document to develop the proposal was not feasible. We would like to request the deadline for questions regarding the RFP be extended to January 15, 2021 and the RFP deadline to be extended to March 31, 2021. This time extension and meeting will allow us to prepare a more comprehensive and competitive proposal. It will also provide adequate time to ask appropriate questions after our meetings with the above entities.

If the City is unable to extend the question and submittal deadlines, we will have to reconsider pursuing this project as we feel more detailed information is required. If you have any questions or would like to discuss further, please contact me at 281-261-5000, ext. 2008.

Sincerely,

A handwritten signature in black ink that reads 'David Kuebker'. The signature is written in a cursive, slightly slanted style.

David Kuebker
