Dear Mr. Charlie Pfeiffer:

The City of Houston (City) is in receipt of your letter dated December 9, 2020 regarding Pfeiffer and Son, LTD's concern about the RFP due date for the Houston Roadway Flood Warning System (HRFWS) being December 30, 2020 and your request to extend the date to February 26, 2021.

Please be advised, at this time the City is unable to honor your request to extend the RFP due date to February 26, 2021. However, the City will extend the due date to February 1, 2021 due to the holidays in December of 2020 and January of 2021. An Addendum will be posted on the website that will inform all proposers of the extension. I encourage you to watch for the updates on the website at <https://www.publicworks.houstontx.gov/flood-warning-system>. The website is updated weekly.

If you have any questions or comments, please feel free to contact me at (713)881.3079.

Re: 2017 TIGER Grant, Houston Roadway Flood Warning System (HRFWS), RFP No. 8142020

Dear Mr. Wright and Selection Committee Members:

Our team appreciates the City's Q&A response and extension of the RFP to December 30<sup>th</sup>. Unfortunately, the responses have generated additional questions that we are working to compile and submit.

We had postponed our efforts after the original proposal response date as we were waiting for the Q&A response.

Looking forward, we would request that the City move the RFP response date to Friday, February 26<sup>th</sup>, 2021. This should allow sufficient time for the City to respond to subsequent questions with enough time for our team to prepare a competitive proposal.

If the City is unwilling or unable to extend the response date, we will have to withdraw from consideration for this project. We kindly ask that the City respond to this extension request by Friday, December 11<sup>th</sup>.

If you have any questions or comments, please contact me at 281.471.4222 or [charlie@pfeifferandson.com](mailto:charlie@pfeifferandson.com).

Sincerely,

Charlie Pfeiffer | Principal
